

Welcome!

Bem Vindo !

¡Bienvenido !

Agenda and Schedule of Events

Monday, September 22

1200 - 1800

Registration open in lobby of Blue Tree Premium Hotel Morumbi

1800 - 2100

Welcome cocktails and hors d'oeuvres: O Boteco Boa Praça Morumbi

Tuesday, September 23

0700 - 0800

Breakfast, café da manhã, desayuno

0800 - 0820

Opening remarks and introductions

Presenters: Steering Committee

0820 - 0845

Thermal Transients with Latest Statistics from CCGT Power Plants

Presenter: Bob Anderson (Competitive Power Resources)

0845 - 0915

HRSG Inspection

Presenter: Eugene Eagle (EPRI)

0915 - 1000

HRSG Performance Rejuvenation with Deep Cleaning Technology

Presenters: Ron Preston and Patrick Ferraz (Precision Iceblast Corp)

1000 - 1030

Coffee Break

1030 - 1100

Issues with Vertical HRSGs

Presenter: Julio Paulin (Petrobras)

1100 - 1200

Cycle Chemistry

Presenter: Barry Dooley (Structural Integrity Associates)

12:00 - 13:00

Lunch, almoço, almuerzo

13:00 - 13:45

OGE: Oxide Growth Exfoliation in HRSGs

Presenters: Julio Paulin (Petrobras), Luiz Fernando Cortez (Ambar Energia)

13:45 - 14:30

Compliance and Reliability in the Water-Steam Cycle

Presenters: Sergio Xavier de Almeida Neto and Matheus Domingues (Alutal)

14:30 - 15:15

Significant Startup Improvement by Electrical Prewarming of Steam Turbine and HRSG

Presenters: Pierre Ansmann and Norman Gagnon (Arnold Group)

15:15 - 15:45

Coffee Break

15:45 - 16:15

The Practical Application of FMEA for Boilers

Presenter: Luiz Felipe (ENPERA Assessoria Empresarial)

16:15 - 16:30

Q&A and Open Discussion

18:00 - 21:00

Networking Dinner: Fogo de Chao, Morumbi

Wednesday, September 24

07:00 - 08:00

Breakfast, café da manhã, desayuno

08:00 - 08:45

Flow-Accelerated Corrosion (FAC): Science and Approach

Presenter: Barry Dooley (Structural Integrity Associates)

08:45 - 09:15

Remaining Life Assessment for HRSG Components Under Thermal Fatigue

Presenter: Leandro de Souza Schiara (Petrobras)

09:15 - 10:00

Expansion Joint Developments for Plant Reliability

Presenter: Jake Waterhouse (Dekomte de Temple)

10:00 - 10:30

Coffee Break

10:30 - 11:15

Long- and Short-Term Layup for Flexible Operation

Presenter: Luiz Fernando Cortez (Ambar Energia)

11:15 - 12:00

Boiler and HRSG Tube Repairs Revolutionized

Presenters: Marcus Hutchinson and Tony Mireles (Tuff Tube Transition)

12:00 - 13:00

Lunch, almoço, almuerzo

13:00 - 13:45

Zero-Leakage Valve Solutions in HRSG Isolation Applications – Globe Valves vs. Ball Valves

Presenters: Laura Mikovich (ValvTechnologies)

13:45 - 14:30

Recent Experience on Water Chemistry Management and HRSG Upgrades

Presenters: TBD (GE Vernova)

14:30 - 15:00

Latest Film-Forming Substances (FFS) Application Results and Direction

Presenters: Barry Dooley (Structural Integrity Associates)

15:00 - 15:30

Coffee Break

15:30 - 16:15

High Temperature Tee Intersection Update

Presenters: Tom Sambor (EPRI)

16:15 - 16:30

Q&A and Open Discussion

17:30

Transportation departs from hotel lobby

18:00 - 21:00

Networking Dinner: O Pasquim Bar e Prosa, Vila Madalena

Thursday, September 25

07:00 - 08:00

Breakfast, café da manhã, desayuno

08:00 - 09:00

Case Studies on Flexible Operation Impacts to HRSGs and Boilers

Presenters: Julio Paulin (Petrobras), Luiz Fernando Cortez (Ambar Energia), Willians Nunes (Eneva)

09:00 - 10:00

Maximizing HRSG Reliability in a Cycling World through Inspection of Covered Piping Systems (CPS) and other Neglected Areas

Presenters: Daniel Acosta and Cesar Moreno (HRST)

10:00 - 10:30

Coffee Break

10:30 - 11:30

HP Drum Replacement in High-Cycling Chilean CCGT

Presenters: Dan Kadylak and Neal Holden (Vogt Power International)

11:30 - 12:00

HRSG Performance Issues on Commissioning

Presenter: Willians Nunes (Eneva)

12:00 - 13:00

Lunch, almoço, almuerzo

13:00 - 13:45

Enhancing CCGT Flexibility with DrumPlus™ and Diverter Damper Technology

Presenters: Omar Laredo and Edson Olivares (NEM Energy)

13:45 - 14:15

Case study of Hydrogen Damage and HRSG Chemical Cleaning

Presenter: Ivan Jimenez (Orygen)

14:15 - 15:00

Gas Turbine Upgrades: Considerations and Case Studies

Presenter: Tom Sambor (EPRI)

15:00 - 15:30

Coffee Break

15:30 - 16:00

Importance of Reheater Isolation and Avoiding HPSH Loop Seal Formation During Layup

Presenter: Bob Anderson (Competitive Power Resources)

16:00 - 16:30

Closing Q&A and Open Discussion (Meeting adjourns)
